

MBTI® & Advanced Type Dynamics 30th -31st October, 2012

Building on the 2-day Type Dynamics course, this workshop will concentrate in very practical ways on both the third and fourth functions.

“Let the fourth/inferior function be your teacher”, it is said; and how can the tertiary function come to our aid?

This workshop will have input and creativity in working with ourselves.

It is advisable to have a good understanding of the mechanics of dynamics and the extraverted and introverted forms of the functions, which lies as the very heart of type.

This will NOT be repeated in this workshop.

Time: 9.30 am - 4.30 pm each day

Cost: £250
