

## **An Ignatian Retreat on the Natural World**

12 -14 May 2009

*Led by Mary Colwell and Margaret Harlock*

3 days of Ignatian reflection on our response to nature and the environmental issues we face today.

Our relationship with nature is complex, partly wonder and awe, partly fear and competition. Through prayer, Ignatian exercises and reflection we will unpack our basic relationships to God and to nature in a truthful and grounded way. We will directly experience the natural world in the lovely Emmaus gardens and journey with St Ignatius to an understanding of who we are and our place on the earth.

**Mary Colwell** is a freelance natural history producer and consultant on religion and the environment. **Margaret Harlock** is a sister of La Retraite with experience in retreat work.

**Time:** 10.30 am Tuesday until 4.00 pm Thursday

**Cost:** £100 residential
